Dear Mr. Sollars:

This letter will respond to your letter dated March 20, 2017 and received in my office March 22, 2017. Your letter requests certain public records pursuant to the Missouri Sunshine Statute. More specifically, your letter requests the following:

“...please provide the undersigned with a copy of the certified payroll records submitted by Hardt Enterprises and/or Branco Enterprises for work on the Fremont Elementary School construction project with the Springfield R-12 School District. This letter follows a previous request dated July 7, 2016. Previous certified payroll records were provided through April 9, 2016. Please provide additional certified payroll records from April 10, 2016 through the project’s completion.”

Initially, in order to be subject to disclosure under the Missouri Sunshine Law, documents must constitute “public records” of the “public governmental body.” In this case, the “public governmental body” is the Board of Education for the School District of Springfield, R-12. The term “public records” is defined in Section 610.010(6) RSMo. as follows:

(6) “Public record” -- *any record, whether written or electronically stored, retained by or of any public governmental body including any report, survey, memorandum, or other document or study prepared and presented to the public governmental body by a consultant or other professional service paid for in whole or in part by public funds; including records created or maintained by private contractors under an agreement with a public governmental body or on behalf of a public governmental body; provided, however, that personally identifiable student records maintained by public educational institutions shall be open for inspection by the parents, guardian or other custodian of students under the age of eighteen years and by the parents, guardian or other custodian and the student if the student is over the age of eighteen years. The term “public record” shall not include any internal memorandum or letter received or prepared by or on behalf of a member of a public governmental body consisting of advice, opinions and recommendations in connection with the deliberative decision-making process of said body, unless such records are retained by the public governmental body or presented at a public meeting.”*

Thus, the term "public record" includes only those records, either written or electronic, that are already in existence that the public governmental body is "holding" or "retaining" in its possession. *Jones v Jackson County Circuit Court*, 162 S.W.3d 53, 59 (Mo App 2005).

The District will not provide you with public documents which may be encompassed by your request that are closed records. Included in these closed public documents are the following:

The minutes of closed meetings of the Board of Education which were closed pursuant to Section 610.021 RSMo, and not otherwise required to be revealed;

Privileged communications between the Board of Education or its representatives and its attorneys pursuant to Section 610.021(1) RSMo;

Records involving the hiring, firing, disciplining or promoting of particular employees by the Board of Education when personal information about the employee is discussed or recorded, except those public records which have been made public pursuant to Section 610.021(3) RSMo;

Records involving software codes for electronic data processing and documentation thereof pursuant to Section 610.021(10) RSMo;

Documents related to a negotiated contract until a contract is executed, pursuant to Section 610.021(12) RSMo;

Documents which constitute individually identifiable personnel records, performance ratings or records pertaining to employees or applicants for employment, pursuant to Section 610.021(13) RSMo;

Records which are protected from disclosure by law pursuant to Section 610.021(14) RSMo;

Confidential or privileged communications between a public governmental body and its auditors, including all auditor work product pursuant to Section 610.021(17) RSMo;

Records that identify the configuration of components or the operation of a computer, computer system, computer network, or telecommunications network, and would allow unauthorized access to or unlawful disruption of a computer, computer system, computer network, or telecommunications network of the District pursuant to Section 610.021(20) RSMo;

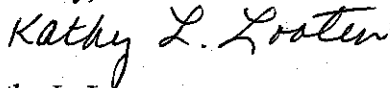

Credit card numbers, personal identification numbers, digital certificates, physical and virtual keys, access codes or authorization codes that are used to protect the security of electronic transactions between the Board of Education and a person or entity doing business with the Board pursuant to Section 610.021(21) RSMo.

With this explanation in mind, the Board responds as follows to your request:

Your request has been approved. Attached are copies of the documents you requested. Their work was completed in May 2016.

Thank you for your request.

Sincerely,

Kathy L. Looten
